Sports Equity Monitoring

Whilst it is not compulsory that this section is completed, the following paragraph explains why it is important.

Sport can and does play a major role in promoting the inclusion of all groups in society; however, inequalities have historically existed within sport, particularly in relation to gender, race and disability. British Cycling is committed to promoting and developing sports equity, which is about fairness in sport, equality of access, recognising inequalities and taking steps to address them. By monitoring the profile of young people in our clubs we can identify any issues relating to under representation of different groups and can develop strategies to ensure that all young people have the opportunity to develop and progress in cycling.

Club Membership

The Hawks BMX Club have been running since 1981, promoting the sport of Bicycle Motocross racing since it's early beginnings in this country. We are run as a volunteer community organisation who's aim is to develop, organise and promote BMX racing in the Hillingdon Borough and surrounding area.

We operate from Lake Farm Country Park, Dawley Road, Hayes. The track is public, free, and open for use at all times, except during club events.

We are affiliated to British Cycling, who are the governing body for BMX racing in the UK and form part of the Southern BMX Region.

The Hawks regularly host Local and Regional races at our home track, and many of our members go on to represent the club at National and International level.

There is usually a large contingent of Hawks riders at most of the big races and we also organise fund-raising and social events throughout the year. We hold regular coaching sessions during the school holidays, and one night a week during the summer months.

We have a growing membership of over 100 riders, a committee of 12 to manage the club and an army of parents, supporters and volunteers who help to keep the club successful.
